

Did you know?

Read these interesting facts about the world with a parent, carer or teacher.

We live on a planet called Earth. A 3-D model of Earth is called a globe.

The land on Earth is surrounded by seas and oceans. Maps show a 2-D image of land, seas and oceans.

We can travel between places on Earth by using vehicles, such as cars, buses, trains, boats and aeroplanes.

On Earth, the climate and weather changes depending on location. Some places are very cold, some are very hot and some are wet or dry.

A habitat is the place where an animal or plant lives. Every habitat has a different group of animals or plants that live there.

Habitats include oceans, mountains, forests, savannahs, woodlands, rivers and deserts.
