Dear Parents and Carers,

**Remote learning in KS2**

In order to ensure that children continue to be supported with their education during this unprecedented period, we will be providing daily resources (Monday to Friday during term time) to support their learning. Children will be able to access this via Google Classroom - a learning platform that they already use within school. As such, your child should know his/her login details (first name and first initial of surname followed by [@burford-pri.oxon.sch.uk](mailto:@burford-pri.oxon.sch.uk)).

For example: Martha Williams would be [marthaw@burford-pri.oxon.sch.uk](mailto:marthaw@burford-pri.oxon.sch.uk) followed by her password.

In addition to this, we have class email addresses, so that children and parents can contact teachers should this be necessary. Please be aware that responses to these generic email addresses are not guaranteed.

Tolsey Class: [tolsey@burford-pri.oxon.sch.uk](mailto:tolsey@burford-pri.oxon.sch.uk)

Priory Class: [priory@burford-pri.oxon.sch.uk](mailto:priory@burford-pri.oxon.sch.uk)

Children will have scheduled online tasks to complete, every day. Some tasks may be short and require minimal time whereas others, like a science investigation, may take longer. Many of the tasks will be open-ended, thus allowing children to demonstrate their developing understanding. While we will look at all work that children produce, we won't necessarily comment.

This learning platform is a way to ensure your child still has access to structured learning tasks; it is not intended to replace the quality-first teaching that we provide in the classroom.

Although Google Classroom is familiar to the children, it is new to us and we would appreciate your support and patience as we learn to navigate this uncharted territory.

Yours sincerely,

Mrs Connor and Mrs Flower
